INDEPENDENT AUDITOR'S REPORT

To the Partners of
RACE POLYMER ARTS LLP

Opinion

We have audited the Ind AS financial statements of **RACE POLYMER ARTS LLP** (the "LLP"), which comprise the Balance Sheet at 31st March, 2020, the Statement of Profit & Loss (including Other Comprehensive Income) and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Limited Liability Partnership Act, 2008 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (financial position) of the LLP as at 31st March, 2020, and profit (financial performance including other comprehensive income) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the LLP in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Limited Liability Partnership Act, 2008 and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management of the LLP is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Indian Accounting Standards and Limited Liability Partnership Act, 2008, that give a true and fair view of the financial position, financial performance (including other comprehensive income), and cash flows of the LLP in accordance with the accounting principles generally accepted in India, including the accounting standards applicable to the LLP. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Limited Liability Partnership Act, 2008 for safeguarding of the assets of the LLP and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

N. M. NAGRI & CO.

CHARTERED ACCOUNTANTS

A Block, 5th Floor, A-1 & A-2, Safal Profitaire, Opp. Prahlad Nagar Garden, Near Hotel Ramada, Prahlad Nagar, Ahmedabad-380 015 Tele:(079) 40064694, 40064695, 40061203 ♦E-mail: nmnagri@hotmail.com

In preparing the financial statements, management is responsible for assessing the LLP's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the LLP's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the LLP's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the LLP to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

N. M. NAGRI & CO.

CHARTERED ACCOUNTANTS

'A' Block, 5th Floor, A-1 & A-2, Safal Profitaire, Opp. Prahlad Nagar Garden, Near Hotel Ramada, Prahlad Nagar, Ahmedabad-380 015 Tele:(079) 40064694, 40064695, 40061203 ♦E-mail: nmnagri@hotmail.com

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The LLP with effect from 9th May, 2018 has become the partially owned subsidiary of Cera Sanitaryware Ltd., whose Financial Statements are prepared in accordance with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013, by adopting all the relevant Ind AS.

As per paragraph 19 of the Ind AS – 110 “Consolidated Financial Statements” a parent shall prepare consolidated financial statements using uniform accounting policies for like transactions and other events in similar circumstances.

Accordingly, the financial statements of the LLP for the year have been prepared in accordance with Ind AS, as applicable to its parent.

RACE POLYMER ARTS LLP

Significant Accounting Policies & Practices

(Annexed to and forming part of Financial Statements for the year ended 31st March 2020)

1) LLP Profile:

(a) **RACE POLYMER ARTS LLP** (hereinafter referred to as the LLP) (LLP Identification No. AAM-5483) was incorporated under the Limited Liability Partnership Act, 2008 by obtaining the Certificate of Incorporation dated 3rd May 2018 issued by the Ministry of Corporate Affairs, Registrar, Ahmedabad. The Registered Office of the LLP is situated at Survey no. 949, 77, 81 Village – Milha Gamanpura, Palaj Road, Mehsana – Bhecharaji Highway, Dist. – Mehsana, Gujarat, 384410, India. The LLP is engaged in the business of manufacturing of plastic products and / or other products related to the business activities of seat-cover, cistern, fitting etc. The LLP commenced its commercial production on and from 30th April, 2019.

(b) The LLP Agreement U/s 23(4) of LLP Act, 2008 was executed at Balol, District Mehsana on 09th May 2018 between **Cera Sanitaryware Limited** (represented through its nominee Mr. Prem Chand Surana) and **Nemani Mould Plast LLP** (represented through its nominee Mr. Ashish Sharadkumar Nemani) whereby Cera Sanitaryware Limited (CSL) became a partner of the LLP on 09th May 2018 having 51% share in capital contribution and profit/loss sharing ratio. Thus the LLP became the subsidiary of CSL w.e.f. 09th May 2018. Both the nominees are designated partners of the LLP.

Subsequently, the partners executed Addendum to the LLP Agreement on 13th November, 2018 for increasing the capital contributions of partners from Rs. 1 Lakh to Rs. 10 Crore in order to fulfil the funds requirements of the LLP. Further, the partners also executed Addendum to the LLP Agreement on 15th January, 2020 to give effect of the change of name of Nemani Mould Plast LLP to Shreeyam Ceramics LLP with effect from 27th November, 2019.

2) Basis of Preparation of Financial Statements:

2.1 Statement of Compliance with Ind AS:

The LLP w.e.f. 09th May 2018 has become the partially owned subsidiary of Cera Sanitaryware Ltd., whose financial statements are prepared in accordance with the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and the subsequent amendments from time to time, notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act.

As per paragraph 19 of the Ind AS – 110 "Consolidated Financial Statements" a parent shall prepare consolidated financial statements using uniform accounting policies for like transactions and other events in similar circumstances.

Accordingly, these standalone financial statements of the LLP have been prepared in accordance with Ind AS, as applicable to its parent.

2.2. Basis of Measurement:

These standalone financial statements have been prepared on accrual basis of accounting, on a going concern, under the historical cost convention except certain financial assets and liabilities which are measured at fair value.

3) Significant Accounting Policies:

3.1 Property, Plant and Equipment

[a] Tangible Assets

[i] Recognition and Measurement

Items of property, plant and equipment are measured at cost, which include capitalised borrowing costs, less accumulated depreciation, and accumulated impairment losses, if any, except freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price (after deducting trade discounts and rebates), including import duties and non-refundable purchase taxes, any directly attributable cost (indirect cost excluded) of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss following the principles of Ind AS 115 "Revenue from Contracts with Customers".

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the LLP.

[iii] Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

[iv] Depreciation / Amortization

Depreciation is calculated on cost of items of property, plant and equipment (other than freehold land and properties under construction) less their estimated residual values over their estimated useful lives using the straight line method in respect of plant and machinery, electric plant and installation and Dies and moulds and using the written down value method in respect of other assets. Depreciation is generally recognised in the Statement of Profit and Loss.

Useful lives have been determined in accordance with Schedule II to the Companies Act, 2013 except Dies and Moulds where useful life has been taken based on external/internal technical evaluation as under:

Particulars	Useful Life
Dies and Moulds	3 years

The residual values are not more than 5% of the original cost of the asset.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted, if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets.

Depreciation on additions (disposals) is provided on a pro rata basis that is from (up to) the date on which asset is ready for use (disposed of).

[b] Capital work-in-progress

Projects under commissioning and other Capital work-in-progress are carried at cost comprising of direct and indirect costs, related incidental expenses and attributable interest. Depreciation on Capital work-in-progress commences when assets are ready for their intended use and transferred from Capital work-in-progress Group to Tangible Fixed Assets Group.

[c] Impairment of Non Financial Assets

The LLP's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

In respect of assets for which impairment loss has been recognised in prior periods, the LLP reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.2 Borrowing Costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred and reported in finance costs.

3.3 Operating Cycle

Based on the nature of products/activities of the LLP and the normal time between purchase of raw materials and their realisation in cash or cash equivalents, the LLP has determined its operation cycle within 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3.4 Current versus Non Current Classification

The LLP presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset/ liability is treated as current when it is:-

*Expected to be realised or intended to be sold or consumed or settled in normal operating cycle

*Held primarily for the purpose of trading.

* Expected to be realised/ settled within twelve months after the reporting period, or

* Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

* There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

3.5 Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, wherever considered necessary. The cost of inventories comprises of all costs of purchase, costs of conversion and other costs including manufacturing overheads incurred in bringing the inventories to their present location and condition. Cost of raw materials, general stores and spares and finished goods are determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less any applicable selling expenses.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Excess/ shortages, if any, arising on physical verification are absorbed in the respective consumption accounts.

3.6 Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

3.7 Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the LLP are segregated.

3.8 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the LLP has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the

passage of time is recognised as a finance cost. Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed in the case of:

* a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.

* a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are neither recognised nor disclosed in the Financial Statements.

3.9 **Revenue from Contracts with Customers**

As per Ind AS – 115 “Revenue from Contracts with Customers”, the LLP recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the LLP expects to be entitled in exchange for those goods or services. Further, the LLP evaluates the performance obligations being distinct to enable separate recognition and can impact timing of recognition of certain elements of multiple element arrangements.

Revenue from Sale of Goods

The LLP’s revenue is derived from selling goods with revenue recognised at a point in time when control of the goods is transferred to the customer and retains none of the significant risks and rewards of the goods in question.

The LLP recognises revenue from the sale of goods measured at the fair value of the consideration received or receivable, net of returns and allowances and trade discounts.

Interest and Other Income

Interest income and expenses are reported on an accrual basis using the effective interest method. Other income is recognised on accrual basis except where the receipt of income is uncertain.

3.10 **Employee Benefits**

Employee benefits include provident fund, pension fund, gratuity and compensated absences.

Defined Contribution Plans

The LLP’s contribution to provident fund and pension fund is considered as defined contribution plan and is charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees. The LLP has no legal or constructive obligation to pay contribution in addition to its fixed contribution.

Defined Benefit Plans

For defined benefit plans in the form of gratuity, the cost of providing benefits is estimated by the management and provided for. The LLP will obtain actuarial valuation report following the ‘Projected Unit Credit Method’ when Ind As 19 will be applicable to the LLP.

Short-term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include salaries, wages, performance incentive and compensated absences which are expected to occur within twelve months after the

end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term Employee Benefits

Compensated absences and other benefits like gratuity which are allowed to be carried forward over a period in excess of 12 months after the end of the period in which the employee renders the related service are recognised as a non-current liability at the present value of the defined benefit obligation as at the Balance Sheet date out of which the obligations are expected to be settled.

3.11 Taxes on Income

Income tax comprises Current and Deferred Tax. It is recognised in the Statement of Profit or Loss.

Current Tax

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax liabilities are generally recognised in full.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the Balance Sheet date. Tax relating to items recognised directly in equity/ other comprehensive income is recognised in respective head and not in the Statement of Profit & Loss.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.12 Significant Judgments, Estimates and Assumptions

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in accordance with the requirements of the respective accounting standards.

3.13 Government Grants

Government Grants are initially recognised as deferred income at fair value if there is reasonable assurance that they will be received, and the LLP will comply with the conditions associated with the grant;

- In case of capital grants, they are then recognised in Statement of Profit and Loss on a systematic basis over the useful life of assets.
- In case of grants that compensate the LLP for expenses incurred are recognised in Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognized.

3.14 Financial Instruments

I. Financial Assets

(a) Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset, which are not at fair value through profit and loss, are added to fair value on initial recognition. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss.

(b) Subsequent Measurement

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through Other Comprehensive Income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through Profit or Loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through Statement of Profit and Loss.

(c) Impairment of Financial Assets

The LLP assesses on a forward looking basis the Expected Credit Losses (ECL) associated with its assets measured at amortised cost and assets measured at fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(d) Derecognition of Financial Assets

A financial asset is derecognised when:

*The LLP has transferred the right to receive cash flows from the financial assets or

*Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity transfers the financial asset, it evaluates the extent to which it retains the risk and rewards of the ownership of the financial assets. If the entity transfers substantially all the risks and rewards of ownership of the financial asset, the entity shall derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. If the entity retains substantially all the risks and rewards of ownership of the financial asset, the entity shall continue to recognise the financial asset.

Where the LLP has neither transferred a financial asset nor retains substantially all risks and rewards of the ownership of the financial asset, the financial asset is derecognised if the LLP has not retained control of the financial assets. Where the LLP retains control of the financial assets, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial Liabilities

(a) Initial Recognition and Subsequent Measurement

All financial liabilities are recognised initially at fair value and in case of borrowings and payables, net of directly attributable cost.

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments. Changes in the amortised value of liability are recorded as finance cost.

III. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.15 New Standards and Interpretations

The Government notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from 1st April, 2020.
