ELEGANCE personified
GVT COLLECTION

LUCIDO

Digital Glazed Vitrified Tiles

Art is truly brought to life when it gets the canvas it deserves. Now, picture a canvas that unleashes the truest potential of art and design. The kind that helps design stop toeing the line of ordinary and leaps into the realm of extraordinary. And strut all the way into being called a masterpiece. That in a few words is the Cera GVT - a collection that could be a thing of a wonder.

Built with the latest in technology it recreates the charm of exotic marbles, stones, woods and even concrete textures in six distinct sizes. It's built with negating the flaws of natural marble at its very core.

You could think of it as a surface inspired by natural marble, but that which even exceeds the expectations and performance of its muse.

In all its royalty and grandeur it offers functionality like none other. The Cera GVT collection offers a choice of 6 different sizes. The range exhibits unlimited design options spread over different themes. All of which help you express your discerning taste in as many different ways. Cera GVT opens up a whole new world of possibilities in the world of architecture, making it ideal for both, flooring and wall cladding.
