

M. ANANDAM & CO.,
CHARTERED ACCOUNTANTS

Independent Auditor's Report

To the Members of Anjani Tiles Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Anjani Tiles Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than Financial Statements (Other Information)

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

(g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company does not have any pending litigations which would impact its financial position;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. No dividend was declared or paid during the year by the Company.

2. As required by the Companies (Auditor's Report) Order, 2020, ('the Order') issued by the Central Government in terms of Section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure "A" to the Independent Auditor's Report

(Referred to in paragraph 1(f) under 'Report on Other Legal Regulatory Requirements' section of our report to the Members of the Company of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Anjani Tiles Limited** ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure "B" to the Independent Auditor's Report

With reference to Paragraph 2 under 'Report on Other Legal Regulatory Requirements' section of our report to the Members of the Company, we report that

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) The property, plant and equipment have been physically verified by the management in a periodical manner, which in our opinion is reasonable, having regard to the size of the Company and the nature of its business. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
 - (d) The Company has not revalued any of its Property, Plant and Equipment and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - (a) Physical verification of inventory has been conducted at reasonable intervals by the management and in our opinion, the coverage, frequency and procedure of such verification is reasonable and adequate in relation to the size of the Company and the nature of its business. The discrepancies noticed on verification between the physical stocks and the book records were not exceeding 10% in the aggregate for each class of inventory.
 - (b) The Company is sanctioned working capital limits in excess of Rs.5.00 crore from banks on the basis of security of current assets. Further, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.
- iii. The Company has not made investments, not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties and hence reporting under clause 3(iii) of the Order is not applicable.
- iv. The Company has not granted loans, not made investments and not given guarantees or securities and hence reporting under clause 3(iv) of the Order is not applicable.
- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has not been specified by the Central Government under subsection (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.
- vii. In respect of statutory dues:
 - a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, duty of Customs, Cess and other material statutory dues applicable to it with the appropriate authorities.
There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, duty of Custom, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.
 - b) There are no disputed statutory dues that have not been deposited on account of any dispute by the Company. Hence, reporting under clause 3 (vii) (b) of the Order is not applicable to the Company.

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. a) The Company has not defaulted in repayment of loans or other borrowings and in the payment of interest thereon to any lender.
b) The Company has not been declared wilful defaulter by any bank or financial institution or other lender.
c) According to the information and explanations given to us and procedures performed by us, we report that the Company has applied the term loans for the purpose for which the loans were obtained.
d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
e) The Company does not have any Subsidiaries, associates or Joint Ventures and hence, reporting under clause 3(ix)(e) and (f) of the Order is not applicable.
- x. a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally convertible) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. a) In our opinion and based on our examination and enquiries with the management, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
b) No report under sub-section (12) of section 143 of the Companies Act is required to be filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii)(a) to (c) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. In our opinion and based on our examination, the company is not required to have an internal audit system as per provisions of the Companies Act 2013. Hence, reporting under clause 3(xiv) (a) and (b) of the Order is not applicable
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash losses during the financial year covered by our audit. However, company has incurred cash loss amounting Rs.74.09 lakhs in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year.

- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. In our opinion, the provisions of Section 135 of the Act are not applicable to the Company and hence reporting under clause (xx) (a) and (b) of the Order are not applicable.
- xxi. According to the information and explanations given to us, we report that preparation of consolidated financial statements is not applicable to the Company and hence reporting under clause 3(xxii) of the Order is not applicable

Cash Flow Statement for the year ended 31st March, 2022

Rs. In Lakhs

Particulars	Year ended		Year ended	
	31st March 2022		31st March 2021	
A. CASH FLOW FROM OPERATING ACTIVITIES				
Profit / (Loss) before tax		578.45		(547.23)
Adjustments for :				
Depreciation and Amortization Expenses	468.63		473.14	
Loss on sale of Property, Plant and Equipment	-		0.07	
Bad debts written off	1.85		-	
Liabilities no longer required	7.92		(1.33)	
Finance Costs	326.42	804.82	417.94	889.82
Operating Profit before Working Capital Changes		1,383.27		342.59
Adjustments for:				
(Increase) / Decrease in Trade Receivables	196.87		(244.07)	
(Increase) / Decrease in Inventories	572.45		1,057.39	
(Increase) / Decrease in Other Assets	(974.47)		(323.27)	
Increase / (Decrease) in Trade Payable & Other Liabilities	(281.11)		(2,093.25)	
Increase / (Decrease) in Provisions	1.64	(484.62)	(15.88)	(1,619.08)
Cash Generated from Operations		898.65		(1,276.49)
Direct Taxes Paid		-		-
Net Cash generated from/(used in) Operating Activities		898.65		(1,276.49)
B. CASH FLOW FROM INVESTING ACTIVITIES				
Purchase of Property, Plant & Equipment	(321.36)		(133.95)	
Proceeds from Sale of Property, Plant & Equipment	-		0.18	
Net Cash used in Investing Activities		(321.36)		(133.77)
C. CASH FLOW FROM FINANCING ACTIVITIES				
Proceeds/ (Repayment) of Long Term Borrowings	(379.23)		447.72	
Proceeds / (Repayment) of Short Term Borrowings	114.86		412.52	
Proceeds from issue of equity share capital	-		1,000.00	
Payment of Preference Dividend and Dividend Distribution Tax	-		-	
Interest and Other borrowing charges Paid	(320.60)		(452.55)	
Net Cash generated from / (Used) Financing Activities		(584.97)		1,407.69
Net increase in Cash and Cash Equivalents		(7.68)		(2.57)
Cash and Cash Equivalents at the beginning of the year		31.21		33.78
Cash and Cash Equivalents at the end of the year		23.53		31.21

Notes to cash flow statement

1 Components of cash and cash equivalents

Balances with banks	23.21	26.77
Cash on hand	0.32	4.44
Cash and cash equivalents considered in the cash flow statement	23.53	31.21

2 The above cash flow statement has been prepared under with the 'Indirect method' as set out in Indian Accounting Standard - 7 Statement of Cash Flows.

3 Reconciliation of liabilities arising from financing activities.

Particulars	Outstanding as at 1st April, 2021	Cash flows	Non-cash Changes	Outstanding as at 31st March, 2022
Long-term borrowings				
a Bank	2,429.18	127.78	-	2,556.96
b Preference Shares	4,500.00	-	-	4,500.00
c Un-secured Loans	1,170.00	393.00	-	1,563.00
Short-term borrowings	1,782.45	(785.14)	-	997.31
Total liabilities from financing activities	9,881.63	(264.36)	-	9,617.27

Anjani Tiles Limited

Notes to the Financial Statements for the year ended 31st March, 2022

1. Corporate Information

Anjani Tiles Limited (the "Company") is a public limited company domiciled in India having its registered office situated at Eguvarajupalem, Chillakur Mandal, Gudur, SPSR Nellore District – 524410, Andhra Pradesh, India. The Company was incorporated on 7th April, 2015, under the provisions of the Companies Act applicable in India. The Company is engaged in the business of manufacturing and selling of Vitrified Tiles. The Company is a subsidiary of CERA Sanitaryware Limited.

The financial statements are approved for issue by the Company's Board of Directors on _____.

2. Significant Accounting Policies

2.1 Statement of Compliance with Ind AS and Basis of Preparation

The Financial Statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendments rules issued thereafter notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act.

2.2 Functional and Presentation Currency

The Financial Statements are presented in Indian Rupees (Rs.), which is also functional currency. All the values have been rounded off to the nearest rupee in lakhs, unless otherwise indicated.

2.3 Basis of Measurement

The Financial Statements have been prepared on a historical cost convention except where certain financial assets and liabilities have been measured at fair value as under:-

Items	Measurement Basis
Employee Defined Benefit Plans	Plan Assets measured at fair value less present value of defined benefit obligation
Certain Financial Assets and Liabilities	Fair Value

2.4 Property, Plant and Equipment

[a] Tangible Assets

[i] Recognition and Measurement

Anjani Tiles Limited

Notes to the Financial Statements for the year ended 31st March, 2022

Items of property, plant and equipment are measured at cost, which include capitalised borrowing costs, less accumulated depreciation, and accumulated impairment losses, if any, except freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Useful lives have been determined in accordance with Schedule II to the Companies Act, 2013. The residual values are not more than 5% of the original cost of the asset.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit and loss.

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

[iii] Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

[iv] Depreciation/ Amortization

Depreciation is calculated on cost of items of property, plant and equipment (other than freehold land and properties under construction) less their estimated residual values over their estimated useful lives using the straight line method in respect of plant and machinery and electric plant and installation and using the written down value method in respect of other assets. Depreciation is generally recognised in the Statement of Profit and Loss. Amortization on leasehold land is provided over the period of lease.

Anjani Tiles Limited

Notes to the Financial Statements for the year ended 31st March, 2022

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted, if appropriate. Based on technical evaluation, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets.

Depreciation on additions / disposal is provided on a pro rata basis that is from / up to the date on which asset is ready for use / disposed of.

[b] Capital work-in-progress

Projects under commissioning and other Capital work-in-progress are carried at cost comprising of direct and indirect costs, related incidental expenses and attributable interest. Depreciation on Capital work-in-progress commences when assets are ready for their intended use and transferred from Capital work-in-progress to Tangible Fixed Assets.

[c] Intangible Assets

[i] Initial Recognition and Classification

Intangible assets including those acquired by the Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in statement of profit and loss as incurred.

[iii] Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over the estimated useful lives and is included in depreciation and amortisation in Statement of Profit and Loss. The estimated useful lives of computer software are considered not exceeding three years. Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted, if appropriate.

[iv] Derecognition

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset.

[d] Impairment of Non-Financial Assets.

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.5 Borrowing Costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred and reported in finance costs.

2.6 Current versus Non Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset/ liability is treated as current when it is :-

- *Expected to be realised or intended to be sold or consumed or settled in normal operating cycle
- *Held primarily for the purpose of trading.
- * Expected to be realised/ settled within twelve months after the reporting period, or
- * Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- * There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of the assets for processing and their realisation in cash and cash equivalents. The company has identified 12 months as its operating cycle.

2.7 Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, wherever considered necessary. The cost of inventories comprises of all costs of purchase, costs of conversion and other costs including manufacturing overheads incurred in bringing the inventories to their present location and condition. Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less any applicable selling expenses.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Excess/ shortages, if any, arising on physical verification are absorbed in the respective consumption accounts.

2.8 Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

2.9 Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

2.10 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed in the case of :

- * a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- * a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are neither recognised nor disclosed in the Financial Statements.

2.11 Earnings Per Share

Basic earnings per equity share is calculated by dividing the net profit after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

2.12 Foreign Currency Transactions and Translations

Initial Recognition

The Company's financial statements are presented in Rupees (Rs.), which is also the Company's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

Measurement at the Balance Sheet Date

Foreign Currency monetary items of the Company, outstanding at the Balance Sheet date are restated at the year-end rates. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange differences

Exchange differences that arise on settlement of monetary items or on reporting at each Balance Sheet date of the Company's monetary items at the closing rate are recognised as income or expense in the period in which they arise.

2.13 Revenue from contracts with customers

Revenue is recognised when the performance obligations have been satisfied, which is once control of the goods and/or services has transferred from the Company to the customer. Revenue is measured based on consideration specified in the contract with a customer and excludes amounts collected on behalf of third parties.

- a) Revenue related to the sale of goods is recognised when the product is delivered to the destination specified by the customer, and the customer has gained control through their ability to direct the use of and obtain substantially all the benefits from the asset.
- b) Interest, Dividends and Other Income: Interest and dividend income is recognised when the right to receive payment has been established, it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the applicable effective interest rate.

2.14 Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease transaction. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Transition

The Company have not any leased assets hence there is no impact of transition provisions

2.15 Employee Benefits

Employee benefits include provident fund, gratuity and compensated absences.

Defined Contribution Plans

The Company's contribution to provident fund is considered as defined contribution plan and is charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees. The Company has no legal or constructive obligation to pay contribution in addition to its fixed contribution.

Defined Benefit Plans

For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using 'the Projected Unit Credit method', with actuarial valuations being carried out at each Balance Sheet date. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to the Statement of Profit and Loss in subsequent periods. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

Short-term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include salaries, wages, performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under :

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term Employee Benefits

Compensated absences and other benefits like gratuity which are allowed to be carried forward over a period in excess of 12 months after the end of the period in which the employee renders the related service are recognised as a non-current liability at the present value of the defined benefit obligation as at the Balance Sheet date out of which the obligations are expected to be settled.

2.16 Taxes on Income

Income tax comprises Current and Deferred Tax. It is recognised in the Statement of Profit or Loss except to the extent that it relates to business combination or to an item recognised directly in equity or in other comprehensive income.

[i] Current Tax

Current income tax assets and/or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

[ii] Deferred Tax

Deferred tax liabilities are provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax liabilities are generally recognised in full.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the Balance Sheet date. Tax relating to items recognised directly in equity/ other comprehensive income is recognised in respective head and not in the Statement of Profit and Loss.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.17 Equity, Reserves and Dividend Payments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Retained earnings include current and prior period retained profits. All transactions with owners of the Company are recorded separately within equity.

Dividend distribution payable to equity shareholders are included in other liabilities when the dividends have been approved in a general meeting prior to the reporting date.

2.18 Significant Judgments, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the following areas where significant judgments, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements:

a) Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company including legal, contractor, land access and other claims.

By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence and potential quantum of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

b) Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

c) Impairment of Non-financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists or when annual impairment testing for an asset is required, the Company estimates the assets recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. The calculations are corroborated by valuation multiples, quoted share prices for publicly traded securities or other available fair value indicators.

d) Estimation of Defined Benefit Obligations

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

e) Fair Value Measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active market, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

f) Estimation of Current Tax and Deferred Tax

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each Balance Sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to adjustment to the amounts reported in the financial statements.

g) Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected credit loss rates (ECL). The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

2.19 Fair Value Measurement

The Company measures financial instruments such as investments in mutual funds, certain other investments etc. at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- * Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- * Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- * Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.20 Financial Instruments

I. Financial Assets

(a) Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss.

(b) Subsequent Measurement

(i) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through Other Comprehensive Income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through Profit or Loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through Statement of Profit and Loss.

(c) Impairment of Financial Assets

The Company assesses on a forward looking basis the Expected Credit Losses (ECL) associated with its assets measured at amortised cost and assets measured at fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(d) Derecognition of Financial Assets

A financial asset is derecognised when:

*The Company has transferred the right to receive cash flows from the financial assets or

*Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company transfers the financial asset, it evaluates the extent to which it retains the risk and rewards of the ownership of the financial assets. If the Company transfers substantially all the risks and rewards of ownership of the financial asset, the Company shall derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. If the Company retains substantially all the risks and rewards of ownership of the financial asset, the Company shall continue to recognise the financial asset.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of the ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial assets. Where the Company retains control of the financial assets, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial Liabilities

Initial Recognition and Subsequent Measurement: All financial liabilities are recognised initially at fair value and in case of borrowings and payables, net of directly attributable cost.

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments. Changes in the amortised value of liability are recorded as finance cost.

III. Fair Value of Financial Instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices. All methods of assessing fair value result in general approximation of value and such value may vary from actual realization on future date.

IV. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.21 Recent accounting pronouncements:

On March 23, 2022, the Ministry of Corporate Affairs (MCA) amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1st, 2022. Amendments applicable to the Company are given below:

Ind AS 16 – Proceeds before intended use - The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment, amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in the statement of profit and loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

Ind AS 37 – Onerous Contracts – Costs of Fulfilling a Contract - The amendments specify that that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

Ind AS 109 – Annual Improvements to Ind AS (2021) - The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

2.22 Unless specifically stated to be otherwise, these policies are consistently followed.

31 Notes to Employee Benefits

Defined Contribution Plans

Provident Fund: During the year, the Company has recognised Rs.22.66 lakh (2020-21: Rs.18.95 lakh) as contribution to Employee Provident Fund in the Statement of Profit and Loss (Refer Note No.26).

Defined Benefit Plans

Gratuity:

Each employee rendering continuous service of 5 years or more is entitled to receive gratuity amount equal to 15/26 of the monthly emoluments for every completed year of service subject to maximum of Rs.20 Lakhs at the time of separation from the company.

Other long-term employee benefits

Leave Encashment:

Each employee is entitled to get 30 earned leaves for each completed year of service. Encashment of earned leaves is allowed during service leaving a minimum balance of 30 days subject to maximum accumulation up to 60 days. In addition, each employee is entitled to get 7 casual leaves at the end of every year.

The following tables summarise the components of net benefit expense recognised in the statement of profit and loss and the fund status and amounts recognised in the balance sheet for the respective plans:

Changes in the present value of the defined benefit obligation are as follows:

Particulars	Rs. In Lakh	
	31st March 2022	31st March 2021
Defined benefit obligation at the beginning	18.81	15.63
Current service cost	3.68	4.45
Interest expense	1.32	1.00
Benefits paid	-	1.40
Actuarial (gain)/ loss on obligations - OCI	2.51	(0.87)
Defined benefit obligation at the end	26.32	18.81

Components of Other Comprehensive Income

Particulars	Rs. In Lakh	
	31st March 2022	31st March 2021
Actuarial (gain) / loss on employee benefits	2.51	(0.87)
Less: Deferred Tax @ 26%	(0.64)	0.23
Actuarial (gain) / loss on employee benefits (net of tax)	1.87	(0.64)

Reconciliation of fair value of plan assets and defined benefit obligation:

Particulars	Rs. In Lakh	
	31st March 2022	31st March 2021
Fair value of plan assets at the beginning	24.78	-
Defined benefit obligation at the beginning	18.81	15.63
Amount recognised in the Balance Sheet at the beginning	5.97	15.63
Fair value of plan assets at the end	(28.03)	-
Defined benefit obligation at the end	26.32	18.81
Amount recognised in the Balance Sheet at the end	(1.71)	18.81

The principal assumptions used in determining gratuity are shown below:

Particulars	31st March 2022	31st March 2021
Discount rate	7.36%	7.01%
Salary escalation rate	4%	4%

Economic and Demographic Assumptions

Economic Assumptions

Estimates of future compensation increases considered take into account the inflation, seniority, promotion and other relevant factors. Discount rate is based on the prevailing market yields of Indian Government securities as at 31 March 2022 for the estimated term of the obligations.

Demographic Assumptions

Particulars	31st March 2022	31st March 2021
Retirement Age	58	58
Mortality table	IALM (2012-14)	IALM (2012-14)
Attrition rate	5%	5%

Amount recognised in Statement of Profit and Loss:

Rs. In Lakh

Particulars	31st March 2022	31st March 2021
Current service cost	3.68	4.45
Net interest expense	1.32	1.00
Remeasurement of Net Benefit Liability/ Asset	2.51	(0.87)
Amount recognised in Statement of Profit and Loss for year ended	7.51	4.58

Amount recognised in Other Comprehensive Income:

Rs. In Lakh

Particulars	31st March 2022	31st March 2021
Actuarial (gain)/ loss on obligations	2.51	(0.87)
Return on plan assets (excluding amounts included in net interest expense)	-	-
Amount recognised in Other Comprehensive Income for year ended	2.51	(0.87)

The principal assumptions used in determining gratuity obligations for the Company's plans

Rs. In Lakh

Particulars	31st March 2022	31st March 2021
Discount rate (in %)	7.36	7.01
Salary Escalation (in %)	4.00	4.00
Rate of return in plan assets (in %)	6.62	4.03
Expected average remaining working lives of employees (in years)	19.55	18.79

A quantitative sensitivity analysis for significant assumption as at 31st March 2022 is as shown below:

Rs. In Lakh

Particulars	31st March 2022		31st March 2022		31st March 2022	
	Discount rate		Salary escalation		Assumed Attrition Rate	
	1% increase	1% decrease	1% increase	1% decrease	1% increase	1% decrease
Impact on defined benefit obligation	(0.97)	1.09	1.26	(1.15)	0.17	(0.19)

A quantitative sensitivity analysis for significant assumption as at 31st March, 2021 is as shown below:

Rs. In Lakh

Particulars	31st March 2021		31st March 2021		31st March 2021	
	Discount rate		Salary escalation		Assumed Attrition Rate	
	1% increase	1% decrease	1% increase	1% decrease	1% increase	1% decrease
Impact on defined benefit obligation	(0.76)	(0.76)	0.97	(0.88)	0.09	(0.11)

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

Anjani Tiles Limited**Notes to the financial statements for the year ended 31st March, 2022****32 Earnings Per Share (EPS)**

Basic and Diluted EPS amounts are calculated by dividing the profit/(loss) for the year attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit/(loss) attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Sr. No	Particulars	Rs. In Lakh	
		Year ended 31st March 2022	Year ended 31st March 2021
1	Net Profit / (Loss)	470.89	(472.94)
	Less: Cumulative Preference Dividend	45.00	45.00
	Net Profit / (Loss) attributable to the equity Shareholders (A)	425.89	(517.94)
2	Weighted average number of Equity Shares outstanding during the period (B)	2,00,00,000	1,06,15,260
3	Nominal value of Equity Shares (Rs.)	10.00	10.00
4	Basic/Diluted Earnings per Share (Rs.) (A/B)	2.13	(4.88)

* Since there are no dilutive potential equity shares, the diluted profit / (loss) per equity share is the same as the basic profit / (loss) per equity share.

Quantitative disclosures fair value measurement hierarchy for liabilities as at 31st March, 2021: Rs. In Lakh

Particulars	Date of valuation	Total	Fair value measurement using		
			Quoted prices in active markets	Significant observable inputs	Significant unobservable inputs
			(Level 1)	(Level 2)	(Level 3)
Liabilities measured at amortised cost:					
Long term borrowings	31st March, 2021	5,983.77	-	-	5,983.77
Short term borrowings	31st March, 2021	3,897.87	-	-	3,897.87
Trade Payables	31st March, 2021	1,616.72	-	-	1,616.72
Other Financial liabilities	31st March, 2021	15.07	-	-	15.07

The management assessed that fair value of financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company determines fair values of financial assets or liabilities by discounting the contractual cash inflows / outflows using prevailing interest rates of financial instruments with similar terms. The initial measurement of financial assets and financial liabilities is at fair value. . Further, the subsequent measurements of all assets and liabilities is at amortised cost, using effective interest rate method.

The following methods and assumptions were used to estimate fair values:-

- The fair value of the Company's interest bearings borrowings are determined using discount rate that reflects the entity's discount rate at the end of the reporting period. The own non-performance risk as at the reporting period is assessed to be insignificant.

For other non-current financial assets and liabilities the fair value is the same as the amortized cost, measured using the discount rate at the time of initial recognition of financial assets and liabilities

A one percent change in the unobserved inputs used in fair valuation of level 3 Assets and liabilities does not have a significant impact in its value.

Fair value of financial assets and financial liabilities

The carrying value of the current financial assets and current financial liabilities are considered to be same as their values, due to their short-term nature. The non-current borrowings and securities deposits are carried at amortized cost which is considered as their fair value.

36 Financial risk management objectives and policies

Financial Risk Management Framework

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations.

The Company is exposed primarily to Credit Risk, Liquidity Risk and Market risk (fluctuations in foreign currency exchange rates and interest rate), which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

A. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration of risks. Credit risk is controlled by analyzing credit limits and creditworthiness of customers on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. Financial instruments that are subject to concentrations of credit risk principally consist of trade receivables, investments, derivative financial instruments, cash and cash equivalents, bank deposits and other financial assets. None of the financial instruments of the Company result in material concentration of credit risk.

Exposure to credit risk:

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk is as follows:

Particulars	Rs. In Lakhs	
	As at 31 March, 2022	As at 31 March, 2021
Other financial assets	2,751.38	2,408.46
Trade receivables	204.13	402.84
Cash and cash equivalents	23.53	31.21
Other bank balances	111.45	-

Trade receivables:

Ind AS requires expected credit losses to be measured through a loss allowance. The Company assesses at each date of statements of financial position whether a financial asset is impaired. Expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. The company is not expecting any credit loss allowance which is calculated on life time expected credit losses for trade receivables. Credit loss provision on security deposits is taken as 12 months expected credit loss and no loss is expected as at 31st March, 2022 and 31st March, 2021.

Financial instruments and cash deposits

Credit risk from balances with banks and others is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the authorised person. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

B. Liquidity Risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments

Particulars	Rs. In Lakhs					Total
	On demand	Less than 3 months	3 to 12 months	1 to 5 years	>5 years	
Year ended 31st March, 2022						
Borrowings	997.31	372.68	916.27	4,731.01	2,800.00	9,617.27
Trade payables	-	1,320.65	-	-	-	1,320.65
Other financial liabilities	-	19.35	-	-	-	19.35
Year ended 31st March, 2021						
Borrowings	1,782.45	209.01	646.19	7,243.99	-	9,881.64
Trade payables	-	1,616.72	-	-	-	1,616.72
Other financial liabilities	-	15.07	-	-	-	15.07

Excessive risk concentration

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Selective hedging is used within the Company to manage risk concentrations at both the relationship and industry levels.

Collateral : Nil

C. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits etc.

Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term and short term borrowings. The impact on the entity due to any interest rate fluctuation is given below:

Rs. in Lakh		
	Increase/decrease in basis points	Effect on profit before tax
31st March, 2022		
INR	+50	(24.20)
INR	-50	24.20
31st March, 2021		
INR	+50	(22.49)
INR	-50	22.49

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The exposure of entity to foreign currency risk is very limited on account of limited transactions in foreign currency.

37 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital, and all other equity reserves attributable to the equity holders of the company. The primary objective of the Company's capital management is to maximise the shareholder value.

Capital includes equity attributable to the equity holders of the Company. The primary objective of the Companies capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value. The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

Particulars	At 31st March 2022	At 31st March 2021
Non-current Borrowings	2,830.99	1,483.77
Current Borrowings	2,286.28	3,897.87
Interest on Long-term borrowings	5.46	-
Preference Capital	4,500.00	4,500.00
Net Debt	9,622.73	9,881.64
Equity	2,000.00	2,000.00
Other Equity	(410.48)	(879.49)
Total Capital	1,589.52	1,120.51
Debit / Equity	6.05	8.82
Gearing ratio (%)	605.39%	881.89%

39 (a) Segment Reporting - Ind AS 108

The business activity of the company falls within one broad business segment viz. "Vitrified Tiles" and sale of the product is within the country.

Information about major customers:

Customer 1 - Rs.4562.87 lakhs
Customer 2 - Rs.4490.86 lakhs

39 (b) Impact – COVID-19

The Company has considered the possible effects that may result from the pandemic relating to Covid-19 in the preparation of these financial statements including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has, at the date of approval of these financial statements, used internal and external sources of information including credit reports and related information and economic forecasts and expects that the carrying amount of these assets will be recovered. The impact of Covid-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

39 (c) Note on "Code on Security, 2020"

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on November 13, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

40 Analytical Ratios

Ratio	Numerator	Denominator	Current Year	Previous year	Variance %	Reasons
Current ratio (in times)	Total current Assets	Total current liabilities	1.33	0.92	44.69	Decrease in current liabilities & repayment of un-secured loan to holding company.
Debt-equity ratio (in times)	Debt consists of borrowings	Total equity	6.05	8.82	-31.39	Increase in net profit tax & repayment of term loans
Debt service coverage ratio (in times)	Earnings before debt service = Net profit after taxes + non cash operating expenses + Interest + Other non cash adjustments	Debt service = Interest + principle repayments	0.82	0.49	68.43	Increase in net profit tax as compared to the last financial year
Return on equity ratio (in %)	Profit for the year	Average total equity	35%	-55%	-162.95	Increase in net profit tax as compared to the last financial year
Inventory turnover ratio (in times)	Revenue from operations	Average total inventory	4.58	2.89	58.14	Increase in turnover as compared to the last financial year
Trade receivables turnover ratio (in times)	Revenue from operations	Average trade receivables	0.03	0.04	-23.13	-
Trade payables turnover ratio (in times)	Raw material purchaes + Other expenses	Average trade payables	5.50	3.62	51.73	Increase in purchases as compared to the last financials year. In last financial year the company has stopped production for the period April 2020 - July 2020 due Covid pandemic
Net capital turnover ratio (in times)	Revenue from operations	Average working capital (ie., Total aurnet asstes less Total current liabilities)	7.80	-15.44	-150.48	Increase in turnover as compared to the last financial year
Net profit ratio (in %)	Profit for the year	Revenue from operations	5%	-7%	-171.37	Increase in net profit tax as compared to the last financial year
Return on capital employed (in %)	Eaming before tax and finance cost	Capital employed = Net worth + Total debt + Deferred tax liabilities	8%	-1%	-787.10	Increase in net profit tax as compared to the last financial year
Return on Investment	Inome generated from invested funds	Average invested funds in treasury investmens	NA	NA	NA	-

41 Commitments and Contingencies

A. Contingent Liabilities	Rs. In Lakh	
	31st March 2022	31st March 2021
Dividend on 1% Cumulative Preference Shares	135.00	90.00

Note: Relates to Financial year 2019-20, 2020-21 & 2021-22

B. Commitments	Rs. In Lakh	
	31st March 2022	31st March 2021
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances)	155.93	Nil

42 Previous Year figures have been regrouped wherever necessary.
