TECHNOLOGY

FOR A TOUCH-FREE FLUSH EXPERIENCE

A simple hand wave activates the reduced flush.

A longer motion activates the full flush.

We've always believed here that innovation is never an end-goal to work towards. Rather, it's an everyday journey of raising the standards of our products to new levels. Innovation is hard work, but the result of what it leads to, is worth it every time. Our Vibe-Sense technology for EWCs is just one example for building the future of bathroom experiences, one step at a time. We innovate because of you and your experience shapes our next steps. Innovation is a two-way street for us, a path we love walking with you.
