TIMELESS SURFACES. MODERN STYLE.

OUR SURFACE.

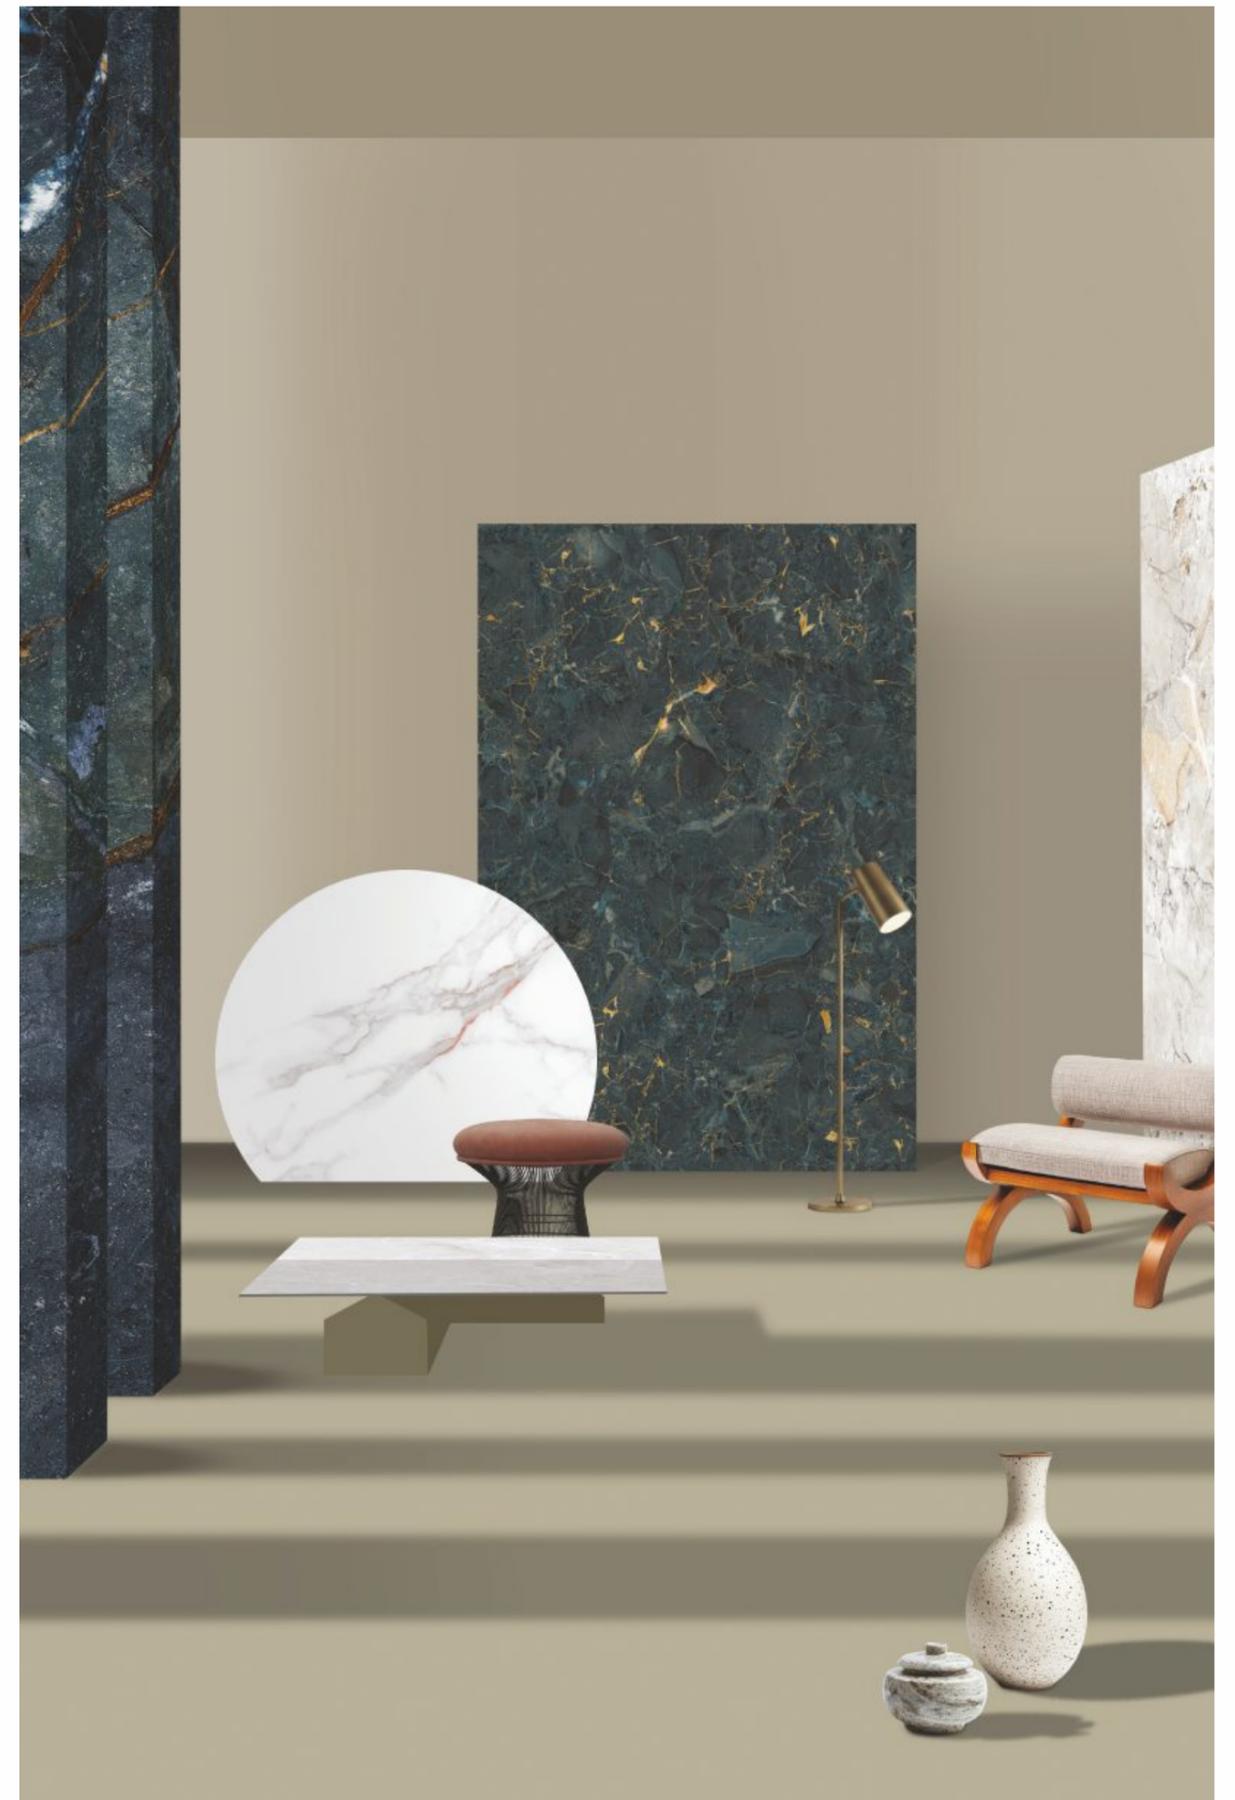

The CERA GVT Collection is no ordinary set of tiles. Inside each box of these tiles, lies an opportunity - to think out of the box. It's one surface, with the talent of several.

MANY SHADES.

The only predictable aspect of this collection is that it's unpredictable - just like how designs in nature never cease to enchant us, surprise us. Warm grains of wood? Done. Charm of Natural Stone? Done. The stately grace of Marbles? Done. The CERA GVT Collection muses upon nature, and surpasses it in performances.

ENDLESS POSSIBILITIES.

It's a collection that talks about the freedom of choice and truly means it. Picture 3 different sizes - 60x120, 20x120 and 60x60 cm. Add to this there are 6 finishes and over 400 designs to choose from. It's collection designed to overwhelm the modern designer, with everything.

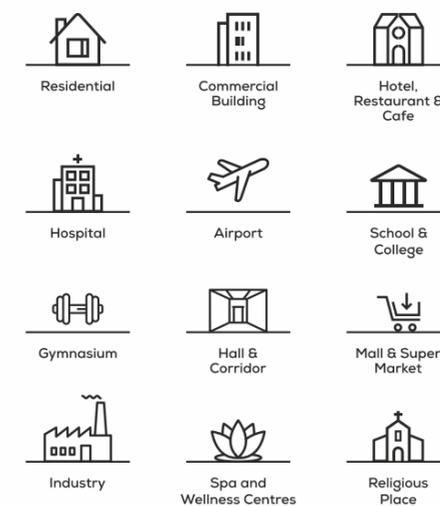

A GLAZED TOUCH OF PERFECTION

Glazed Vitrified Tiles (GVT) combine advanced technology with elegant design to create surfaces that are both stylish and durable. Each tile is crafted with a special glazed surface that allows for a wide variety of designs, textures, and finishes – from natural stone and marble effects to contemporary patterns.

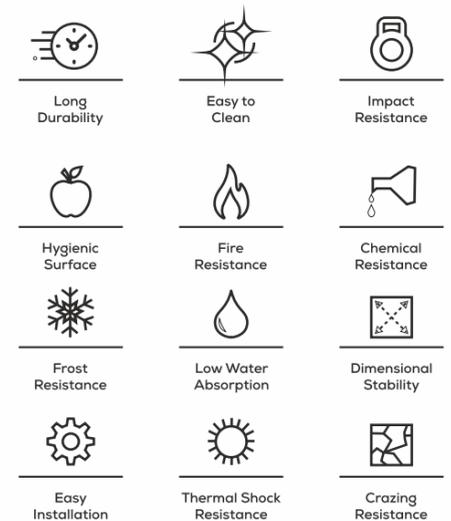

GVT tiles are known for their superior strength, low water absorption, and high resistance to stains and scratches, making them ideal for both residential and commercial spaces. Their precision manufacturing ensures perfect alignment and long-lasting performance even in high-traffic areas.

Whether you're designing floors, walls, or facades, GVT tiles offer a perfect balance of aesthetics and functionality, transforming every space into a statement of sophistication and durability.
