LOOK BOOK 2026

When you look back at life, you look back
at moments.

Some small. Some bigger. Some grand.
And yet each of those moments
holds significance.

It's these moments that define you.
That tell you what you are made of.
What gives you meaning.
What defines your purpose.

It could be the fulfilment in delighting
your father.
Walking him to a space he never thought he
could call his own.
It could be the admiration you evoke in an
unsuspecting guest.
Or it could simply be the moment you've
waited for through the day.
When after meeting the whole world, you
finally get a chance to meet yourself.

Landmark. Highlight. Milestone.
Call it what you want.
But essentially this is a moment you'd been
waiting for.
A moment that made the wait worth it.

THAT'S YOUR
MOMENT *of* CERA

HOW IT WORKS

A simple hand wave
activates the reduced flush.

A longer motion
activates the full flush.

We've always believed here that innovation is never an end-goal to work towards. Rather, it's an everyday journey of raising the standards of our products to new levels.

Innovation is hard work, but the result of what it leads to, is worth it every time. Our Vibe-Sense technology for EWCs is just one example for building the future of bathroom experiences, one step at a time.

We innovate because of you and your experience shapes our next steps. Innovation is a two-way street for us, a path we love walking with you.
